

Professional Extension

We recognise that many of our members, as well as partaking in recreational Country Sports, also use their skills part-time in a semi-professional capacity, often involving a pupil or interacting with members of the public at shows etc. To make sure these members have adequate insurance to cover the Professional Services they undertake we have negotiated a tailor-made Professional Insurance extension, this includes:

- £12million Public Liability Insurance (for activities in a Professional capacity)
- £25,000 Professional Indemnity Insurance

The Professional Extension is available to add to all annual memberships and costs £130 extra for the whole year. Professional members can choose cover for up to 3 professional services from a list which includes: Shooting Instruction; Beater, Picker-Up, Loader or Trapper; Pest Control; Re-Enactment Display; Falconry Displays and Instruction; Ferret Displays and Instruction; Dog Displays; Archery Instruction and Fishing Instruction. Terms & conditions apply, please see the website or call us for further information.
